

Application Questions:

Given your understanding of SMS and its programs, what are some key elements you would use to build a responsive classroom for a group of diverse learners?

How have your experiences shaped or influenced your understanding of the necessity of teaching 21st Century Skills?

What is your understanding of the role of the teacher in a skills and strengths-based curriculum?

What role does reflection play in your teaching practices and personal/professional growth?

SMS strives to create a collaborative environment for student support and curriculum development. How do you see yourself in collaborative situations? What are your challenges and strengths?

Please submit these application questions with your resume and cover letter. Submit your completed package to careers@summitmicroschool.ca. Thank you.
