

Join Summit Micro School: Where Education Comes Alive!

We are hiring 1 teacher for JK-Grade 1 and 2 teachers for Grades 2-8. One position is a maternity leave contract.

Are you a passionate and exceptional teacher ready to make a real impact on students' lives? At Summit Micro School, we prioritize skills over content, celebrating the process and fostering social and emotional well-being. We believe in connection, community, and inclusivity, valuing diversity and the unique strengths of every learner.

As an independent K-8 school, we offer an innovative curriculum with Project-Based Learning for grades 2-8 and the Reggio Emilia-inspired approach for JK, SK and Grade 1. As our new teacher, you'll create hands-on projects, nurturing critical thinking and collaboration. You'll collaborate with colleagues to develop interdisciplinary projects and contribute to school improvement and program development.

Our ideal candidate creates inclusive, strengths-based learning environments. You embrace the concept of lifelong learning and are committed to your own growth, both professionally and personally. You understand the tremendous value of neurodiversity and are dedicated to nurturing a Growth Mindset, both in yourself and in your students. To apply, you need a bachelor's degree in education and one year of full-time teaching experience, with strong English communication skills and a commitment to excellence. You must also be ready and able to work in Canada by August 28th, 2023.

At Summit Micro School, we embrace diversity and encourage applicants from all backgrounds. If you're excited about our mission, apply at careers@summitmicroschool.ca with your resume, cover letter, references, and answers to the following questions:

1. *Given your understanding of SMS and its programs, what are some key elements you would use to build a responsive classroom for a group of diverse learners?*
2. *How have your experiences shaped or influenced your understanding of the necessity of teaching 21st Century Skills?*
3. *What is your understanding of the role of the teacher in a skills and strengths-based curriculum?*
4. *What role does reflection play in your teaching practices and personal/professional growth?*
5. *SMS strives to create a collaborative environment for student support and curriculum development. How do you see yourself in collaborative situations? What are your challenges and strengths?*

Teaching at Summit Micro School is about embracing the process, identifying student strengths, and nurturing potential. If this sounds like you, join our exceptional team. Contracts are fixed term, starting no later than August 28th, 2023, and ending no later than June 28th, 2024, with a salary of \$41,000.

We appreciate all applicants' interest but will only contact candidates selected for interviews.
